RE: Lead Agency: Apple Ridge: Major Subdivision

Dear Mr. Edsall:

Our office is in receipt of a lead agency coordination request. We have no permitting authority; therefore we have no interest in becoming the lead agency on this project. We would, however like the opportunity to review any additional SEQR information that is provided by the applicant of this project, and suggest that calculations for all of the 49 units be included in the table, as the acreage of lot 55-1-44 is part of this subdivision proposal.

Thank you for giving us the opportunity to respond to your request and look forward to reviewing the application when it is referred to us for our comments.

Sincerely,

David Church, Commissioner
